## HEAVY LOAD

*Jason Clayborn, Stephen McWhirter, Curt Vernon*  
CCLI# 7167048

**(Key of A Capo 2)**

### Verse 1

**G (1)**

Why do we carry

**C (4)**

The troubles of life

**D (5) C (4)**

When Your yoke is easy

**G (1)**

Your burden so light

The wages of sin

Like a heavy stone

You rolled away

Two thousand years ago

### Chorus (Same as V)

Lord You lift....

You lift this heavy load

It's not hard we know

For You to lift this heavy load

### Verse 2

When we couldn't stand

Underneath the weight

You bore the cross

To take our place

You call the tired

And thirsty to come

And enter your rest

Your everlasting arms

### Bridge:

**C (1)**

Oh Lord we know

You lift it all, You lift it all
